Dear Sir / Madam

RE: Request to Host CTU Training Solutions Students for Workplace-Based Learning (WPBL)

Qualification: *(Insert Occupational Qualification Name)*

Dear Sir / Madam,

CTU Training Solutions respectfully requests your organisation's partnership in hosting our students for the Workplace-Based Learning (WPBL) component required as part of their QCTO-registered occupational qualification.

In accordance with the Quality Council for Trades and Occupations (QCTO) framework, all occupational programmes comprise three mandatory learning components:

- 1. Knowledge Module Training**
- 2. Practical Skills Module Training**
- 3. Workplace Experience (WPBL)** – completed within an approved workplace environment.

Our programmes ensure that learners acquire both theoretical competence and practical, industry-relevant skills, enabling them to perform confidently within the occupational role for which they are training. To meet QCTO compliance and industry standards, CTU continuously reviews all facilitator-led programmes in line with emerging technologies and market trends.

Workplace-Based Learning Requirements (QCTO-Aligned)

To meet national occupational standards, host employers are required to support students through structured exposure to real workplace activities. Key requirements include:

In line with industry requirements, CTU Training Solutions (PTY) Ltd is fully accredited by the MICT SETA (ACC/2006/07/186) through the Quality Council for Trades and Occupations (QCTO). CTU Training Solutions is registered with the Department of Higher Education and Training as a Private College (2018/FE07/004) and provisionally registered as a private higher education institution (only selected registered campuses) (No 2014/HE07/004).

Directors: J Newby, E Ferreira, B Brown. | Co. Reg No: 2005/038944/07

1. Execution of Curriculum-Aligned Workplace Tasks

Learners must complete work experience tasks outlined in the QCTO curriculum, enabling them to develop the applied competence required for their final External Integrated Summative Assessment (EISA).

2. Appointment of a Workplace Supervisor or Mentor

Your organisation should designate a competent mentor/supervisor to guide learners, validate workplace activities and ensure accurate completion of logbooks or task books. Mentorship is central to the QCTO model.

3. Completion and Verification of Workplace Logbooks

Learners are required to maintain workplace logbooks documenting tasks completed. Supervisors confirm competence by signing off each activity—this is mandatory for admission to the EISA.

4. No Financial Obligation to the Host Employer

Your organisation is **not required** to provide financial remuneration, stipends or material contributions. The QCTO framework prioritises access to workplace exposure rather than cost implications for host employers.

5. Provision of a Safe and Suitable Workplace Environment

The workplace should provide access to the tools, equipment, and processes required to complete learning activities, while complying with all applicable health and safety regulations.

6. Participation in the WPBL Agreement

A structured learning agreement between CTU, the learner, and the employer outlines responsibilities and ensures compliance with QCTO standards for workplace cooperation.

Request for Partnership

CTU Training Solutions kindly requests your support in providing learners with the opportunity to gain essential workplace experience. This partnership contributes significantly to producing

In line with industry requirements, CTU Training Solutions (PTY) Ltd is fully accredited by the MICT SETA (ACC/2006/07/186) through the Quality Council for Trades and Occupations (QCTO).
